LIGHT/PRIVACY CONTROL

It's your home.

Take control like never before.

Your control

PEBBLE® AND SURFACE REMOTE

The stylish and colorful handheld Pebble® Remote or the wall-mounted Surface Remote put on-the-fly adjustment at your fingertips. Operate individual or groups of shades with the push of a button.

POWerview® APP

Program, customize and organize your personalized collection of Rooms and Scenes with the App, then set them to Schedules to operate automatically whether home or away. The PowerView® App is designed for compatibility with Apple® iOS and Android™ tablets and mobile devices.

PEBBLE AND SURFACE SCENE CONTROLLER

Perfect for those moments without your smart device, the Scene Controller works seamlessly with the PowerView Hub and App to upload and activate select Scenes you've created, giving added convenience of control over your window treatments.

Color selection

PEBBLE® COLOR SELECTION

The brilliantly designed Pebble® Remote comes in seven eye-catching colors:
Black Matte – Citron – Poppy – Clear Frost – Cobalt – Pewter Frost – White
*Surface Remote color options (not pictured):
Black Matte – Nickel Matte – White Matte*

System control

POWerview® HUB

At the heart of PowerView® Motorization is the Hub, which connects easily to your home's existing WiFi router. The Hub is the centralized brain of the entire PowerView system, storing your customized settings, activating Schedules and acts as the gateway for integrating your PowerView window treatments with the rest of your connected home.

POWerview REPEATER

The Repeater is a small signal enhancer that discreetly plugs into any AC outlet in the home to extend signal range so PowerView can work throughout your home, regardless of its size devices.
